** Vacuum Pump **

THE BEAST

Built for the Air Conditioning Serviceman who wants a high quality, dependable vacuum pump, the BEAST offers many higher end features without the higher end price. With a large oil capacity, the BEAST operates at a lower temperature and requires less frequent oil changes during larger evacuations. Constructed of all heavy-duty metal and a scratch resistant powder painted cover and trap for durability throughout the years. American made, 100% tested to BesTech stringent quality standards, backed by an unparalleled **24 month over-the-counter warranty, the BEAST is the best value vacuum pump in the industry.

24 month warranty

Low Profile Rocker Switch to avoid inadvertently shutting off power

Completely field repairable, rendering less down time so you can get the job done

2 Stage Direct Drive achieves a deeper vacuum

Brass fittings make for superior quality

***Tested to 25 Microns ensuring a deep vacuum**

O-ring sealed easy open drain valve prevents unwanted leaks
